Track width	1285mm
Vehicle warranty	2 - 5 years
Battery warranty	5 years

*My 2026, cabin height planned to reduce <2000mm

About Duracar

Built to be the ultimate Light Electric Vehicle (LEV) for last-mile delivery in urban zero-emission zones, Duracar is the extremely capable and manoeuvrable solution for transportation and delivery. Duracar aims to make the world a greener, healthier, and safer space by offering drivers a comfortable and easy-to-manoeuvre electric vehicle.

Duracar aims to be the new standard for delivery and transportation in urban areas, where zero-emission is becoming the new norm. The LEV is just the first step in Duracar's mission to accelerate the transition to a greener future where mobility solutions contribute to a cleaner, healthier, and safer world.

We are always open for new partnerships that accelerate our mission to make inner cities the greenest, healthiest, and safest they can be. Let's shape a better and greener world together.

Maximum Flexibility

Duracar | Side Access

Side-opening cargo box, allowing for easy loading and unloading from the side. Ideal for quick access to your goods.

Duracar | Tipper

Require hassle-free unloading? This model's tipping feature enables effortless cargo tilting.

Duracar | Refrigerated Truck

Keep your perishables fresh on the go with the rear-mounted refrigeration system. Ideal for catering, grocery deliveries, and more.

Duracar | Service/Hospitality

Designed to meet all the needs of the hospitality and service industry. Perfect for applications such as a food truck or versatile service vehicle.

Duracar | Rear Entry

This rear entry provides versatile loading options. Whether it's large equipment or quick access to tools, this configuration has you covered.

Duracar | Special Edition

Fully customizable, ensuring it perfectly aligns with your unique preferences. Elevate your operations with this custom-made edition.

We go the driver's way

1. Perfect visibility

A perfect view, no matter the weather conditions. Situational awareness and confidence in driving all over. That's the experience driving a Duracar.

- Feeling of all-around openness
- Perfect view in any weather condition
- No foggy windows
- Wide truck mirrors that eliminate blind spot

2. Optimal safety

The Duracar is built like a car, with a familiar steering and a frame designed to provide strength, stability, and safety. You feel safe driving a Duracar. Period.

- Range of 150 km
- Perfect manoeuvrability and easy parking
- Easy to drive because of power steering
- All weather tires
- Extremely stable because of low center of gravity
- Variable throttle response and torque settings
- Brake booster

3. Great comfort

Every driver can sit comfortably in a Duracar. Our spacious interior, adjustable seat and double panelled isolation make driving and hopping in and out the cabin simply a breeze.

- High quality Bluetooth speakers
- Great connectivity and charging possibilities
- 7-inch tablet display
- Vandal proof interior design
- Easy in and out
- Comfortable driver seat with standard seat heating

4. Simple convenience

Waking up with a smile knowing that you are going to set foot in a Duracar. That is the feeling we strive for. So, we installed everything you need to enjoy the ride and keep the business running.

- Fully adjustable positioning of seat and steering wheel
- Durable material
- Spacious cabin
- Foldable co-driver seat
- Double panelled cabin isolation

**Your business.
Your needs.
Same car.**
